

IMPORTANT NOTICE

TO PLAN PARTICIPANTS CONCERNING YOUR RIGHTS UNDER THE N.A. TRADING CO 401(k) PROFIT SHARING PLAN

April 21, 2026

The N.A. Trading Co Profit Sharing Plan (“the Plan”) is making changes to your retirement plan in May & June 2026. What do these changes mean to you?

- **New Participant Advisor, Discretionary Trustee & Investment Manager: Busey Wealth Management**
 - Get investment advice, help with retirement planning and more
 - A new menu of investment options will become available within the Plan
- **New provider for account access: EPIC Retirement Plan Services (EPIC)**
 - New website for account access, including a free mobile app, a helpline and more
- New statement format beginning with the 2026 2nd Quarter statements
 - Use both statements to compare amount transferred from Vanguard to EPIC. Please note that your final statement from Vanguard will show a \$0.00 ending balance and your first statement from EPIC will display a \$0.00 beginning balance due to the timing of these changes.
- Your 401(k) account will be **temporarily restricted** from **June 1, 2026, until July 11, 2026**. This timeframe is otherwise known as a “blackout period” while the Plan’s assets transfer to EPIC’s recordkeeping system and allows them to carefully review and reconcile accounts. EPIC’s goal is to bring you out of the blackout period as soon as administratively possible.
- Between **May 18th – May 29th**, on EPIC’s GoRetire site, you will be able to choose your new investment options, establish your designated beneficiary’s information and potentially change your authorized contribution amount that will apply toward future payrolls processed.
- If you do not establish an investment election on GoRetire by **May 29th, 2026**, your account balance will be transfer into the Qualified Default Investment Alternative (see enclosed QDIA Notice).

How Will the Blackout Period Affect Me?

From **June 1, 2026**, until the blackout period ends on, or before, **July 11, 2026**, you will be unable to:

- Change your contribution rate / amount online through Paylocity
- Change your existing or future investments online with Paylocity
- Take a distribution or new participant loan from the Plan

Whether or not you are planning retirement in the near future, we encourage you to carefully consider how this blackout period may affect your retirement planning as well as your overall financial well-being. For your long-term retirement security, you should consider the importance of a well-balanced and diversified investment portfolio, taking into account all of your assets, income and investments.

What Happens to My Contributions & Investments?

Your current contribution rate will remain the same throughout this transitional period unless you make a change on the new GoRetire website before **May 29, 2026**. You will need to choose investments and add beneficiaries by **May 29, 2026**. If you do not choose investment options by **May 29, 2026**, you will be invested in the Qualified Default Investment Alternative (see enclosed QDIA Notice). For a comprehensive list of available investment options, please see the enclosed fee disclosure (Investment & Fee Notice). See “What Should I Do Next?” for how to access your account and make changes.

N.A. Trading Co 401(k) Profit Sharing Plan Investment and Fee Notice

This document contains important information concerning our retirement plan. The first section provides you with information about the plan in general, including any expenses you might incur through participation in the plan or through taking advantage of different plan features. The second section provides information about the plan's investment alternatives, including any fees or expenses associated with those investments.

If you have any questions concerning any of this information, contact your Plan Administrator: NA Trading II LLC, 6021 S Malt Avenue, Commerce, CA 90040.

Other Plan Information

The Plan is intended to be an ERISA Section 404(c) plan. This simply means that you "exercise control" over some or all of the investments in your Plan account. The fiduciaries of the Plan may be relieved of liability, or responsibility, for any losses that you may experience as a direct result of your investment decisions.

As a Plan participant, you may request certain information from your Plan Representative listed above. This information includes: annual operating expenses of the Plan investments; copies of prospectuses, financial statements, reports, or other materials relating to Plan investments provided to the Plan; a list of assets contained in each Plan investment portfolio; the value of those assets and fund units or shares; and the past and current performance of each Plan investment.

You give investment directions for some or all your Plan account, selecting from investment choices provided under the Plan, as determined by NA Trading II LLC and/or the Plan's Investment Manager. You can change your investments at any time.

In our plan, unless the Plan Administrator and/or Plan Trustee has delegated this responsibility to another person or entity, the Plan Administrator and/or the Plan Trustee has the responsibility for the voting and the tendering of mutual fund shares relating to the assets held by the trust.

Plan Related Expenses

Retirement plans have different types of expenses.

Administration expenses - These are charges for general plan administrative services to the Plan that may include, but are not limited to, legal, accounting, custodial, trustee, investment advisory, participant education and recordkeeping expenses. In the Plan, these expenses may be paid partly by the Plan Sponsor and partly by participants. If applicable, a participant's explicit share of these expenses may be allocated on either a pro rata or a per capita basis. If applied pro-rata, your share of these expenses is based on the value of your account balance over the total assets in the Plan. If applied per-capita, your share of expenses is determined by dividing the total expense by the number of participants in the Plan. Deducted fees, if any, are displayed as a dollar amount on your quarterly statements.

The plan may benefit from revenue sharing. If it does, it is either credited back to the accounts of the participants that generated it or used to reduce expenses that could otherwise be deducted from participant accounts.

Recordkeeping/Admin Fees

Annual fee to the plan is:

Asset Based Administration Fee - 0.10% Pro-rata

Investment Service Fees

Annual fee to the plan is:

Asset Based Advisor Fee (Scheduled): Pro-Rata

Discretionary Trustee and Investment Management Fee- 60bps

Tier	Assets Under Management	Rate
1	All Assets	0.60%

Individual Expenses - These are expenses you may incur if you take advantage of certain Plan features.

- A \$85.00 lump sum distribution fee.
- A \$85.00 in-service distribution fee.
- A \$85.00 hardship distribution fee.
- A \$85.00 required minimum distribution fee.
- A \$350.00 Qualified Domestic Relations Order (QDRO) processing fee.

The table depicts the performance of the plan's designated investment alternatives over different time periods and allows you to compare them to an appropriate benchmark for the same time periods. While you cannot invest in a benchmark, the performance of the benchmark will give you an idea of how well the investment did in the same time period.

In addition to providing investment information, the table below shows fee and expense information for the plan's designated investment alternatives. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option.

Some investment options available in the plan may apply trading restrictions or shareholder type fees. The table below provides information on these restrictions and shareholder type fees.

Please note, past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k_employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Please visit <http://www.investmentterms.com> for a glossary of investment terms relevant to the investment options available under this plan. This glossary is intended to help you better understand your options.

Additional information and more recent performance for each of the designated investment alternatives can be accessed through your plan's Retirement Education Center (R.E.C.). To view this information, go to <https://rec.epicrps.com>, enter NTDNTD as the R.E.C. code in the designated R.E.C. field and click 'Enter'. (Please note that your plan's R.E.C. ID is case sensitive so enter the ID using all upper-case characters). To review additional investment information, go to the Investment Information page on the R.E.C. You can access the investments's prospectus by clicking on the "P" icon. If you click on the "F" icon you will be directed to the fund's fact sheet.

Please contact the Participant Service Center should you have any issue with accessing the information or if you would like a free printed copy of the investment information, that is available via the R.E.C.
