

Change of Address

Dear Busey Customer:

Do you have a new address? To block identity theft, Busey must collect a verified address change form to send financial information to a new address. Please complete, sign and return the form below; log in to your ebank or small business ebank account and submit an electronic form under Online Forms; or visit a personal banker at any Busey branch to update your address.

To ensure we can deliver your financial documents, your online account access, Busey Debit Mastercard® and Overdraft Advantage® privileges may be suspended after 30 days of returned mail. Future mailings to an invalid address will be deferred until we receive a updated address.

Thank you for your prompt attention to this matter. If you have any questions, please contact Busey Customer Support at 1.800.671 Busey or through chat on **busey.com**.
