

## Busey Consistently Awarded a Winning Workplace

For the second consecutive year, Busey is among the ***Best Places to Work in Illinois***—a recognition we're now honored to receive in Florida.

Busey is among the first ***Best Companies to Work For*** across the entire state of Florida. Previously, the survey—presented by *Florida Trend* magazine and *Best Companies Group*—focused solely on the Orlando region. **Busey placed 14<sup>th</sup> out of 26 employers and is among just three financial services organizations (Edward Jones, Busey & Capital City Bank) in the large employer category with 250+ employees.**

With a significant stake in receiving this award based almost entirely on employee feedback, this prestigious acknowledgement would truly not be possible without **our most valuable asset, our associates**. Busey will be recognized and honored in the August issue of *Florida Trend* magazine.

Earlier this year, and for a second consecutive time, Busey was named among the ***Best Places to Work in Illinois*** by *Best Companies Group*, the *Daily Herald Business Ledger* and additional partners. We placed 11<sup>th</sup> out of 21 organizations in the large employer category with 500+ employees.

We thank Team Busey for making these acknowledgements possible—fulfilling our ***promise*** and living our vision of **service excellence** year after year. Their continuous contributions make Busey an organization unlike any other.

From health and wellness initiatives to learning and development opportunities and beyond, Busey is honored to invest in and empower our associates. Discover the associate experience at Busey—read our [Associate Report](#), outlining our unique culture, at ***busey.com***.
