

## Busey Wealth Management Featured for Relocation to Urbana

Busey Wealth Management is featured in *The News-Gazette* in Champaign, highlighting renovations to relocate its headquarters to downtown Urbana. [Curt Anderson](#), President & CEO of Busey Wealth Management, explains why the headquarters, along with 50 current Busey associates, are moving to 201 W. Main St.

"We're creating a better experience for clients because we're able to work more collaboratively," says Curt. "It allows us not only to meet our current needs, but to meet our growth needs as well."

Busey has a long-standing history in downtown Urbana, making the move a natural fit for the organization.

"What's exciting for us is that Busey has been on this street corner for 150 years," says Curt. "Urbana's been very good for us over the years, and it's exciting for us to bring some people back into the downtown area."
